

STATEMENT OF PURPOSE

RS20281

This Resolution acknowledges the world class waters of Idaho and calls for all users to acknowledge the actions the state of Idaho has taken to protect those waters from the introduction of aquatic invasive species. In particular; the resolution calls for an awareness of the danger posed by the use of felt soles by sportsmen and government agencies as traction devices and calls for the voluntary manufacture, sale, and use of alternate devices.

FISCAL NOTE

There are no fiscal impacts to the state general fund or local jurisdictions.
